

I'm Gone, Long Gone

David Potts 2015

Key of C

Bm D G Em Bm G D

In my mind I could see her standing beside me
I thought that we would be together forever
I hoped our love would keep us from ever parting

But now I know....that she's gone....long gone
Oh Lord I know....she's gone....long gone

I thought that we were a match made in heaven
I spent my days in the presence of an angel
But day by day...my days in heaven turned to hell...oh well

But I thank the Lord....cause she's gone....long gone
I thank the Lord....cause she's gone....she's long gone

Bm D G Em Bm G D

It took a while but there's another standing beside me
She said she thinks we'll be together forever
Now she's back telling me she's so sorry

Just one thing's wrong...honey I'm gone...long gone
i'm so gone...yes I'm gone...I'm long gone

I'm so gone...yes i'm gone....I'm long gone
Oh Lord I'm gone...yes I'm gone...I'm long gone
