

# Life's Still a Dream

David Potts 2013

Key of D

D Em  
As I walked out my Daddy's door  
G D  
Said I ain't living here no more  
D Em  
My Momma cried on the porch that day  
G D  
She said son please don't run away  
D Em  
Cause things ain't always the way they seem  
G D  
Life's just a dream at seventeen

D Em  
But I took off for the city lights  
G D  
To stake my claim and exercise my rights  
D Em  
But by the time that I looked back  
G D  
Every one was wearing black  
D Em  
The next time I saw my mom  
G D  
Her hand was cold and her eyes were closed

D Em  
I thought I had time in my hand  
G D  
And the world revolved around my plan  
D Em  
Now I see what a fool I can be  
G D  
My mom is gone and I still ain't free  
D Em  
Just take a step back and you may see  
G D  
Life's much bigger than you and me

D Em  
Now me and Daddy we're doing OK  
G D  
We both miss her in our own way  
D Em  
She often said when God takes me home  
G D  
Don't shed your tears I won't be alone  
D Em  
And I'll be waiting for you on that day  
G D  
No more running our debts all paid

D Em  
I often travel back to that old house  
G D  
Sit on the porch quite as a mouse  
D Em  
I let the memories flow thru my mind  
G D  
And count the costs of the ties that bind  
D Em  
Mom was right things ain't the way they seem  
G D  
Life's still a dream beyond seventeen

D Em  
Mom was right things ain't the way they seem  
G D  
Life's still a dream beyond seventeen
