

Long Road to Walk Alone 2021

Key of G

David Potts

G Am C G
I held her hand till she was gone

Am D
Like a train pulling away

G Am C G
We met Sunday morning in the back of the church

Am D
Where we said our goodbyes today

Am D
Then they rolled her body away

G Am C G
And it's a long road to walk alone

Am D
Till we meet in our Heavenly home

G Am C G
I shouldn't be sad cause she's with her sweet Lord

Am D
And all her pain is gone

Am D
And all I got left is this song

G Am C G
It's been 42 years since we met in that church

Am D
41 since we took our vows

G Am C G
We raised up our kids now they're raising theirs

Am D
We don't even try to pretend

Am D
That the circle of life never ends

Chorus

G Am C G
If the timbers could talk all the stories they'd tell

Am D
Of all the lives that passed these walls

G Am C G
The love and loss at the foot of Cross

Am D
The Lord gives the Lord takes away

Am D
For now I'll just trust and pray

Chorus

Chorus

Am D G Am C G
And all I got left is this song
