

The Rendezvous

David Potts 2016

Key of D

Well I'm going down to the rendezvous... It's down around Mountain View
Gonna pass the shine and have a good time... Down at the Rendezvous

Mighty fine folks they come from all over... in the back they got Fido and Rover
They bring their Martins and tater salad... Gather round the fire to sing us a ballad
On a moonlit night you might see a dog fight... but we're gonna have a good time
Well I'm going down to the rendezvous... It's down around Mountain View
Gonna pass the shine and have a good time... Down at the Rendezvous

It's on a creek they call the Syllamore... bout as pretty as heaven's door
Wild hog smoke coming off the grill... they pass the jug to cut the chill
So throw another log on the big bonfire... cause we're gonna have a good time
Well I'm going down to the rendezvous... It's down around Mountain View
Gonna pass the shine and have a good time... Down at the Rendezvous

Hippies and rednecks they coexist... like tents and RVs... you get the jist
Down by the creek where the Whipporwills sing... Pushin my baby in the old tire swing
Talkin trash and passin the mash... love is in the air
Well I'm going down to the rendezvous... It's down around Mountain View
Gonna pass the shine and have a good time... Down at the Rendezvous
Gonna pass the shine and have a good time... Down at the Rendezvous
